CHAMPION OF LABOR IN THE LOWER HOUSE

The District of Columbia Trades Council Places Its Fight in the Hands of Congressman Van Duzer of Nevada

Special to The Journal

WASHINGTON, D. C., Jan. 14.—The United Brotherhood of Carpenters & Joiners, representing fifteen hundred members in the District of Columbia, through their legislative committee have inaugurated a fight against the Gallagher Senate bill licensing carpenters. The unions have placed their fight in the hands of Congressman Van Duzer, whose well known friendliness to labor is recognized by the unions.

The large labor interests in the District of Columbia rely upon Congressman Van Duzer, who is constantly fighting for their interests whenever labor interests in the East needed their cause pleaded in Congress.

The unions come to Van Duzer, who in the 59th Congress will be the only member of Congress who is the acknowledged and courageous champion of labor. Hughes, of New Jersey, Livernash, of California, Dwells, of Illinois and Benny of New Jersey were defeated and labor's fight now rests in the hands of Nevada's representative alone.

GATHERING OF LEGISLATIVE MEMBERS

LIVELY CONTEST ON FOR POSITIONS IN BOTH HOUSES—SESSION CONFRONTED WITH HARD WORK

Special to The Journal

CARSON, Nev., Jan. 14.—There was a gathering of the clans today. Nearly all the Assemblymen and Senators-elect are here with their limbs girded up for the fray. As usual, the Arlington is political headquarters, but the Park and Briggs houses are also overflowing with legislators and hangers-on.

The chief interest seems to center in the allotment of positions. There are a good hundred applicants for attaching positions here buttonholing the solons. As the offices won't go round, the canvass is a spirited one.

Next in importance is the matter of choosing a United States Senator. Mr. Nixon appears to have a safe lead and will in all probability be nominated on the first ballot unless a dark horse appears in the race, which, owing to the "Nevada idea" in politics, is a remote contingency.

That matter out of the way, the legislators will settle down to serious business. It is expected that there will be a raft load of bills introduced. One of the most spirited contests will be the settling of the Nye county seat fight. Tonopah is turning every stone to secure the plum and Belmont is fighting the proposed change.

The Washoe bar and Reno medicos have prepared drafts of bills that will bring about needed reforms. Purty laws will also be proposed. Washoe seems to be the hotbed of this form of proposed legislation.

Increased appropriations will be asked for all State institutions. These requests will bring forth eloquence of high order.

DEPUTIES VOTE TO SUPPORT MINISTRY

POLICY OF FRENCH GOVERNMENT APPROVED AFTER A STORMY DEBATE BY THRILLING INCIDENTS

By Associated Press

PARIS, Jan. 14.—Premier Combes' cabinet weathered the storm in the Chamber of Deputies in a session lasting until after 1 o'clock Sunday morning and secured a majority of ten on a motion supporting the declarations of the ministers and approving the policy of the government. The result was reached after a debate marked by frequent violent altercations threatening a free fight, during the course of which an opposition deputy flourished a sauce pan in the face of the premier.

The majority, although not large, is considered sufficient to insure retention of the ministry.

It is generally expected that the session would culminate in the overthrow of the ministry of Premier Combes. The floors and galleries were packed by persons who desired to witness the final struggle. The contest against the ministry had been slowly gaining ground. The principal elements of opposition were, first, those combating the policy of the premier for the separation of church and State; second, those denouncing government's collection of secret reports, regarding the lives of army officers; third, those complaining of tardiness of the ministry in passing a law creating an income tax.

MRS. HARRIET HESS DIES AFTER ASSAULT BY HER SON-IN-LAW

Dan Regan of Sparks Placed Under Arrest and Will be Examined on the Charge of Murder Committed in a Drunken Rage Last Night—Brutal Acts Are Ascribed to Defendant by Witness

ONE OF THE MOST BRUTAL CRIMES EVER COMMITTED IN WASHOE COUNTY WAS THE ATTACK OF DAN REGAN IN SPARKS LAST NIGHT UPON HIS MOTHER-IN-LAW, MRS. HESS, WHICH RESULTED IN HER DEATH. THE FELLOW IS IN JAIL AND WILL PROBABLY BE ARRAIGNED FOR MURDER.

Dan Regan, a cigar dealer of Sparks, while in a drunken rage struck down his mother-in-law, Mrs. Harriet Hess, an old lady sixty years old last night about 11 o'clock and in a few minutes she died, presumably from the effects of the blow. Regan was arrested by Constable Pollock pending an investigation and was brought to this city and placed in the county jail.

The officers would not allow him to make a statement, but from all the facts surrounding the case it is evident that the blow struck by Regan caused the woman's death. Miss Nellie Hess, a daughter of the deceased, in a statement last night said that Regan had always abused her mother and that she knew he was accountable for the death. Marks on the old lady's throat showed where he had choked her and a bruise on her hand showed where she had ward off a blow from a fire shovel, which Regan first used in attempting to beat her. The blow which is supposed to have caused her death was from his fist and struck her over the heart.

In an interview last night shortly after the death, Miss Nellie Hess said: "Dan Regan and Ernest Von Koch, a roomer, arrived home just before 11 o'clock last night and Dan broke in the back door, because my sister told him to come to the front door. On entering the room he threw the lamp on the floor and it is a wonder that it did not set the house on fire. Mrs. Hess jumped from her bed and ran into the room to pacify him, and he told her he would make a rough house and began to throw the furniture around."

"My mother then entered the room and, grabbing the fire shovel, he struck at her and she received the blow on the hand. Ernest Von Koch then tried to stop him and, throwing him aside, Dan flew at my mother and began choking her. I then pulled her away from him and she ran into another room with my sister, who was nearly frightened to death."

"Dan then followed them and, pulling out his knife, tried to open it, but I stopped him and wrenched the knife from his hand. He succeeded in entering the room, however, and before I could prevent him struck mother in the chest near her heart. She fell to the bed and he walked from the room."

"We rubbed mother and she succeeded in walking into the kitchen but then dropped to the floor unconscious. I sent for Dr. Ascher, but before he could arrive mother had died."

"Did she say anything before she fell to the floor unconscious?" asked The Journal representative.

"Yes, she said, 'O, God! you have killed me.' Dan then said, 'O, don't give me any of that hot air,' and turning to me, said, 'She is only shamming.'"

I did not hurt her."

"After saying these words he walked into her bed room and kicked the stove over and twisted the bed out of shape, saying 'I will make a rough house out of this place.'"

The bed showed where he had twisted the iron out of shape in his rage. "Why do you think he wanted to beat your mother, Miss Hess, said the reporter."

"Well, he hated her. He got in some trouble not long ago and my mother loaned him \$200 on his note. He wanted to borrow some more yesterday and mother and I would not let him have it. He then raged around the house and swore he would fix her."

Mrs. Hess was born in Pittsburgh, Pa., on March 28, 1845. She had been keeping a store in Cincinnati, and sold it only a few weeks ago to come here to visit her daughter, Mrs. Regan. She has a husband living in Laughton, Oklahoma Territory, and five sons, living in different parts of the United States.

Coroner Read visited the scene of the trouble last night and Perkins & Oliver laid the body out. The remains were then left in the house for the night, but will be brought to Perkins & Oliver's undertaking parlors this morning and an autopsy will be held there. The inquest will be held Monday morning at 10 o'clock at Coroner Read's office.

ANNIHILATION OF A REGIMENT OF JAPS

RUSSIAN GARRISON LEADS THE ENEMY UP TO A MASKED BATTERY AND TERRIFIC SLAUGHTER IS THE RESULT

By Associated Press

TASUDYAPU, Jan. 14.—All day of January 9th, the Japanese bombarded the Russian positions to the right and left of the railroad with unaccustomed vigor. On January 10th at 2 o'clock in the morning a Japanese regiment advanced in the face of a furious fire from batteries and rifles and drove back the Russian outposts, who drew on the Japanese to a masked battery and later allowed them to come on suddenly, when the Russians opened a murderous fire, the infantry regiment was almost completely annihilated and the remainder fled in wild disorder, leaving heaps of dead and wounded on the field. The Russians pressed the pursuit and took the Japanese positions on January 10th.

SMELTER COMPANY WINS THE SUIT

By Associated Press

REDDING, Cal., Jan. 14.—The jurors who sat for two weeks in the trial of the case of Berry Mark against the Mountain Copper Company, in which eight farmers of this country sought a total of \$34,500 from the Mountain Copper Company for damages alleged to have been done their fruit trees and crops by smoke from the smelting plant of the defendant corporation at Keewick, brought in a verdict this evening in favor of the company after being out five minutes. The jury decided that the fruit growers had not been injured at all by the fumes from the smelters, so not only gave the farmers nothing for their action, but gave the company judgment for costs.

RECOMMENDATION BY PRESIDENT CARRIED OUT

By Associated Press

WASHINGTON, D. C., Jan. 14.—President Roosevelt had a conference today with Secretary Taft and Representative Hepburn of Iowa and Sherman, of the Interstate and Foreign Commerce Committee of the House regarding freight rate legislation. At the conclusion of the conference, Representative Hepburn said he had prepared a bill on the subject of freight rates which embodied the recommendations of the President as far as they went.

Two hundred are from San Francisco, Oakland, Sacramento, Woodland, Marysville and Oroville and one hundred are from Yreka, Redding and Red Bluff. A special train came from San Francisco with five coaches. The visitors were given a street car ride through the city. They viewed the Diamond Match Co's plant and the historic Bidwell ranch. This evening the Islam patrol drill in Armory hall was witnessed by many. Later in the evening was the initiation of fifty members. After that a banquet was given at the Hotel Diamond to 300 guests. There were speeches by prominent members.

MRS. MORSE WEDDED TO HARRY COOPER

By Associated Press

NEW YORK, Jan. 14.—Mrs. McKinley Morse, widow of the late Geo. F. Morse, clerk of the United States Circuit Court of the District of California, was married to Harry Rowell Cooper of San Francisco, at the church of Transfiguration today by Rev. Dr. George Houghton. They were attended by the bride's daughter, Miss Marjorie Morse, and Colonel Kowalsky, Belgian representative in New York for the Congo Free State. Mrs. Cooper is a niece of the late President McKinley and daughter of the late David McKinley, former American consul at Honolulu.

To Combat Irish Distress LONDON, Jan. 14.—In response to the call of John E. Redman, the members of the Irish parliamentary party have assembled at Dublin for a conference to discuss the distress in the west of Ireland. In the language of the call, the conference will consider means to force the government to provide for the immediate necessities of the case and put the land act in operation in Connaught and other poor districts.

STORE ROBBED AN EVEN DOZEN TIMES

For the twelfth time in seventeen years Ed. Schmitt's hardware store was robbed night before last. When Mr. Schmitt and his clerks arrived at the store they found they had been preceded by a burglar or two, who forced an entrance through a rear window.

They had ransacked the shop, but took nothing of value, being unable to force the door leading into the storeroom. Mr. Schmitt is something of a joker. He has had the division door placarded.

"Don't try to force this door. To it is a wire leading to the police station. There is nothing in the safe."

MORMON WITNESSES IN SMOOT INVESTIGATION REFUSE TO MAKE PUBLIC NATURE OF THE CHURCH CEREMONY

By Associated Press

WASHINGTON, D. C., Jan. 14.—Eleven witnesses testified today before the Senate committee on privileges and elections in the investigation of the protests against the seating of Senator Smoot.

All except two told of the political conditions in Utah, and of the Mormon endowment house ceremony. Several witnesses said the ceremony included no obligations that were in conflict with the duty of a citizen to state or nation.

Chairman Burrows asked two of the witnesses to give the nature of the ceremony, but both refused on the ground that they had given oaths not to divulge what had taken place within the temple. They both claimed to be non-Mormons now, one having been expelled, the other having voluntarily withdrawn from the church.

A former judge of the Supreme Court under the territorial and State governments, told of prosecutions for polygamous cohabitation expressing the opinion that polygamy was now almost a thing of the past and that the sentiment of the Mormons in the State was against plural marriages. The hearing will be resumed Monday.

INVESTIGATING A HOUSE SMASHES CAMPAIGN FUND ALL PREVIOUS RECORDS

COMMITTEE OF MISSOURI HOUSE OF REPRESENTATIVES IS DESIROUS OF FINDING OUT WHERE \$2,000 CAME FROM

By Associated Press

ST. LOUIS, Mo., Jan. 14.—Investigation of the committee of the Missouri house representatives sent to St. Louis to determine the source and nature of the \$21,000 contribution to the Republican State campaign fund officially credited to Thomas K. Niedringhaus, who was chairman of the Republican State Central Committee and is now the caucus nominee for United States Senator, adjourned tonight to meet in Jefferson City Monday. The Senate Committee did not complete its investigation today. According to the statement of Republican members of the House committee, who constitute the majority, the committee will report that its investigations have found nothing to substantiate Representative Grace's charges that beer brewers contributed money during the campaign to influence legislation.

BILLS PASSED AT THE RATE OF ONE EVERY THREE SECONDS—DATE FOR STATEHOOD MEASURE NOT FIXED

By Associated Press

WASHINGTON, D. C., Jan. 14.—Pension legislation at the rate of 350 bills in eighteen minutes was indulged in by the House today, the result being the smashing of all previous records of the House as to legislative nimbleness. When the pension grant had been ground by unanimous consent, legislation held away for nearly an hour. Not a measure presented under this head came under the ban of objection, several bills of minor importance being passed.

In the Senate an unavailing effort was made by Senator Beveridge to secure unanimous consent to fix the day for taking vote on the statehood bill. Bate spoke for opponents of the bill, saying there were a number of speeches being made.

There was some discussion of a bill permitting American women who had married foreigners to regain citizenship in the United States but did not reach a vote. Among other bills passed was one protecting the great seal of the United States against counterfeiting.

CHURCHILL CAPITALISTS WILL GO IT ALONE

The Fallon capitalists who had figured with Reno moneyed men relative to co-operating and building an electric road from Massey or Hasen to Fallon, have decided to go it alone.

So says Assemblyman-elect Small, who arrived from Churchill county last night. Mr. Small says that the people in his community are determined to build the road, but feel that they are able to put up all the necessary funds themselves.

The promoters of the proposition are R. L. Douglass, W. W. Williams and A. R. Jefferies.

PRESIDENT RESOLUTE

PRESIDENT ROOSEVELT is determined that something shall be done toward government control of railway rates. With his unerring judgment, he has seized upon this question as the paramount issue before the American people and he does not propose that it shall be brushed aside.

The president rightly classifies the question as one of good morals since the evils complained of are of a character which violate great moral principles. Holding to this view, nothing can divert him from his determination to have the entire matter passed upon by congress. It cannot be set aside from consideration of expediency, but must be faced with that same resoluteness of purpose which must always characterize the policy of good citizenship when a moral question is up for action.

Nor has the president hesitated to give expression to his sentiments, if we are to accept the reports that have reached the public respecting the recent conferences at the White House. He told the congressional leaders that unless this matter were disposed of at the present session, he would certainly call the next congress to meet in extraordinary session. That was what he did in the Cuban matter, sending congress home to hear from the people. When the members had heard from their constituents they returned to Washington and ratified the disputed treaty. The same thing will occur in this instance if congress fails to act at the present session. The issue will be made and the people will have the entire matter before them during the interim between the close of the regular and the opening of the extraordinary session. The president knows what the people think on this question, and he knows congressmen will return to Washington from their constituencies thoroughly satisfied that they dare not refuse to support some satisfactory measure. They will hear from their home people during the vacation in a manner that will cause them to swing into line.—Holtz Statesman.

EDITORIAL SNAP SHOTS

There is something pathetic about the case of the aesthetic footpad who held up an Alameda man and got but twenty cents. WHICH WAY?

THE people of Nevada have two object lessons before them. Will they profit by their good fortune? At the last election California went Republican by

100,000 majority, and out of 120 members of the legislature elected 112 are Republicans. She got her reward the other day when the noble 112 met at Sacramento and, after asking the Southern Pacific whom it wanted for United States senator, elected their agent, Frank P. Flint.

Things seem to be different in Nebraska, where the legislature has passed by unanimous vote a resolution calling upon Representative Burkett for an open expression as to whether it is his intention to support President Roosevelt in his interstate commerce campaign.

We don't propose to ask whether of the Democrats had carried Nebraska they would have had to ask William J. Bryan such a question. What we want to know is will the people of this, the most railroad-ridden, oppressed, and down-trodden state in the Union, follow the slavish example of the serfs of California, and turn their state over to the hands of the corporations from Standard Oil down to Carson & Colorado?

Or will they arise in their might, assert their manhood and demand of every candidate for U. S. Senator from Nevada a pledge that he will support the president in his righteous warfare for interstate commerce reform, than which nothing could conduce more to the welfare of Nevada?

STONES FROM A CONSERVATORY

THAT worthy and independent tribune of the people, the Winnemucca Silver State, is decidedly against the notion that our United States senators should be instructed to hold up the hands of the president in his efforts to stop the railroads from holding up the people. It is also of the opinion that the Democratic newspapers should desist from their efforts in this direction.

On behalf of the Democratic newspapers of the state we desire to thank the Silver State for its compliment to our integrity. It may rest assured that the Republican newspapers of Nevada, like itself, will never be accused of any similar defection in loyalty to their lord and master, the Southern Pacific. We also desire to assure the Silver State that the American people, and not the Republican party, are running this government, and that the Democratic papers of Nevada will continue to uphold the rights of the people whenever those rights are in jeopardy.

Let the Silver State do the work it is paid for, but let it not interfere with honest and independent newspapers in the work that finds its only reward in the consciousness of a duty done as well as their light will allow.

WILL BE TRIED FOR HIS LIFE

FRANK WILLIAMS, ACCUSED OF MURDER, WILL HAVE HEARING MONDAY MORNING

The murder trial of Frank Williams, alias Al Linderman, will begin in the District Court tomorrow and the fate of the accused murderer will be decided by a jury. He will put up a strong fight for his life and it is thought that his attorney, who, as a last resort, enter a plea of insanity for his client. He has made two confessions and has denied both of them. For this reason it is thought that he will use the insanity plea to escape hanging, if the evidence against him appears very convincing.

Attorneys Hartson & Hummel and P. N. Packard, who represent Williams, tried to get a change of venue for him at the last session of the court, but failed, after several prominent citizens had testified that the accused murderer could get a fair and impartial hearing in this court. Roberts, Gorman and Severen were tried for the murder of Jack Welch and were convicted, but Williams was granted a separate trial on account of having made the confessions.

Attorney W. H. A. Pike and District Attorney Craig have been working on the evidence in the case for the past few days and hope to make a speedy conviction. They have gathered all the evidence possible and will subpoena a number of witnesses from Winnemucca to testify in the case.

The other murder cases created considerable excitement and it is thought that the court room will be crowded when the Williams trial begins.

HIGH SCHOOL STUDENTS CHOOSE DEBATING TEAM

The students of the Reno High School held their final tryout Friday evening and selected the following students to represent the class in the debate with the Crescent club of the University: Everett Cheney, Lester Summerfield and Zora McDowell. All the speakers are convincing and will without a doubt score a victory against the Crescent Club debaters.

The debate is an annual event and in the past three years the High School has won two of the debates. The Crescent Club won last year, but then it had an exceptionally good team and did some excellent work.

EXTENDING THE ELECTRIC ROAD

SUPERINTENDENT REID HAVING POLES PLACED ON THE BUSINESS STREETS

It will not be many days before the clang of the street car bell will be heard on Front, Second and Center streets and on a portion of Commercial Row. The construction gang, under the direction of Superintendent Reid, is now busily engaged in setting poles for the wires on Front, Center and Second streets and expects to have that portion of the work finished in a few days. The track will then be laid immediately and will be run regularly on those streets.

Supt. Reid stated yesterday afternoon that the part of the road he is having built at the present time will run from Virginia down Front street to Center. Up Center to the depot and from Center on Second to Virginia. This will completely cover the busy portion of the city and the line running from the Southern Pacific depot to the bridge on Virginia street will be extensively patronized. It will be of special benefit to the guests of the Riverside hotel and to residents of the Southside.

After the present line is completed Superintendent Reid will begin laying rails on those streets north of the Southern Pacific tracks. He will probably run a line to the University within the next few months and will also extend the track on Fourth street to a point near the western limits. The line on Second street will also be continued several blocks west.

JAILED FOR FOLLOWING TONOPAH MINING MAN

Constable Groton arrested Sam Seltenreich and Frank Johnson Friday night for following a Tonopah mining man around the city and pretending to look out for him, so that he would not spend all his money. The fellows were unable to give a good account of themselves and were locked up until yesterday morning, when they were taken before Judge Nash for a hearing.

After a careful investigation of the circumstances surrounding the case Judge Nash turned the fellows loose, with the understanding that they get out of Reno as soon as possible. The officers watched them closely and before two hours had passed the fellows and made their disappearance.

IMPERFECT DIGESTION
Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with billious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50c a bottle.

Diseased kidneys and rheumatism go together. Ayer's Wonderful Discovery will cure your kidney trouble—the rheumatic ailment will vanish.

DOGSKIN WILL STARTLE WORLD

GREAT MINING EXCITEMENT IS CERTAIN TO RESULT FROM RECENT FINDS

There will be a rush today for Dogskin district. Although the locators have been keeping close mouth, the news has leaked out that a series of ledges have been found in the new camp that almost put Goldfield in the shade. Three recent assays were \$712, \$1100 and \$2490. Of course these were picked samples. The dike is about 150 feet wide and in places it shows good sized nuggets of gold.

A dozen men are already at work on the new find. The Salt Lake Mining Company and the New El Dorado Mining and Milling Company own the cream of the ground, but there are a number of other claims that show free gold and horn splendidly. With the development of the Elwood property and the finding of these immense values in Dogskin, there is no doubt but that Reno will be the center of a great mining excitement before many weeks.

CURED LUMBAGO.
A. B. Canman, Chicago, writes March 4, 1902: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. QUALITY...

If there is one thing that you want when you go into a drug store it is quality. You want quality in drugs and chemicals; quality in all prescription work; quality in everything that has to do with medicine. Is it not so? Certainly, there can be no question about it. That is why our trade is so large. It is a recognized fact that our label on a bottle of medicine stamps it with quality, because it never goes out on a bottle or box of medicine that does not possess quality.

OFFICER SHOTS; NOBODY INJURED

Night Watchman of Southern Pacific Yards Fires at Coal Thief Without Effect

While the night watchman of the Southern Pacific yards was making his rounds, he discovered three men in the act of making way with a supply of the company's coal. The men started to run and the watchman fired two shots into the ground for the purpose of frightening the men and causing them to stop. His plan proved a success as far as two of the culprits were concerned and he succeeded in capturing them. The third one, however, continued on his way and was not seen afterward.

The two unlucky ones were brought before Judge Pollock yesterday. The evidence being insufficient to hold them on the charge of robbery, they were given six hours in which to leave town.

NINETY DAYS FOR VAGRANCY

Disreputable Character Gets Just Deserts for Dishonorable Offense

E. M. Dixon was arrested by Constable Pollock on a charge of vagrancy yesterday. He was tried by jury in the Justice Court and found guilty as charged.

While the man was indicted on the grounds of vagrancy, the exact nature of his crime was cohabitating with a colored woman of the tenderloin district. The evidence in the case was quite conclusive as he was taken in one of the residences of that locality by Constable Pollock. Dixon has been under surveillance for some time but has succeeded in eluding the officers until yesterday, when they came upon him unawares.

District Attorney Craig conducted the case in behalf of the State and Dixon acted as his own counsel. Several witnesses were examined, the trial occupying most of the afternoon. The case went to the jury about 3:30 and they were out about fifteen minutes when they returned a verdict of guilty as charged. Dixon was sentenced by Judge Pollock to serve ninety days in the county jail.

WILL INTRODUCE SEPARATE BILLS

Assemblyman Jones Will Present Three Bills to Aid in Upbuilding the Town

Messrs. H. W. Patton, O. J. Clifford, Sol Summerfield and George S. Spencer, members of the committee appointed at the mass meeting of the citizens held about two weeks ago to draft a bill which would represent the sentiments of the meeting have completed their labors. The committee recognized that there might be several errors in the bill if they performed all the work, so H. R. Cooke, James T. Boyd and Judge Massey, well known lawyers of Reno, were called into consultation. They rendered the committee all the assistance in their power and the bills have been drawn according to legal form. The bills were presented to Assemblyman T. J. Jones and he will introduce them at the session of the Legislature which meets at Carson City tomorrow. Mr. Jones desired to express the opinions of the citizens in his bills, and has succeeded in obtaining their views.

The requests to be asked for in the separate bills refer to questions of interest to the people of Sparks. The citizens desire \$50,000 for sewer purposes, and an appropriation of \$30,000 is asked for the building of a new schoolhouse. The fire protection for Sparks demands attention, and the citizens want \$10,000 for this purpose. This makes \$100,000, and if these bills pass the Legislature, many improvements can soon be noticed in the town of Sparks.

Mine Workers to Meet

By Associated Press.
INDIANAPOLIS, Ind., Jan. 14.—The city is filling with delegates to the sixteenth annual convention of the United Mine Workers of America which will begin its session Monday in Tomlinson hall. It is expected the convention will be the largest in the history of the order. During the last year many new locals have been formed and all locals organized within three months of the date of the convention are entitled to representation. It is not thought that the convention this year will be of unusual importance. The contract that was made with the operators last year was a two year contract, hence the matter of wages will not come up at the meeting. There is not much routine business to be transacted, however, pertaining to the internal affairs of the organization.

One of these matters of importance to be considered and acted upon is the proposition to change the official organ of United Mine Workers from a weekly to a monthly paper. Secretary Wilson advises the proposed change, but the committee on officers report does not deem a change advisable. The question will be settled by the convention. President John Mitchell, Vice President Wm. Lewis and Secretary Treasurer W. B. Wilson will be re-elected without opposition.

A Long Pull

and a pull together is just as necessary in the meat business as in politics. We've the pull in this town—that's sure. There are tricks in the butcher business, just as in politics, but that isn't our way of running a pure food emporium.

This Is Our Way:

Every article we sell we guarantee. If you buy something that is unsatisfactory in our markets send it back and we'll exchange it. If you have anything delivered that is not up to your expectations, return it. We would rather lose both cost and profit on a sale than have a single dissatisfied customer. Would not you like to have a "strong pull" with us?

WOMAN DIES IN
A DERBY SALOON

Peculiar Circumstances, but Foul
Play Has Not Been
Charged

An unknown woman died very sud-
denly in the Monte Carlo saloon at
Derby at an early hour last evening.
She had not been ill and a few min-
utes before death claimed her, she
seemed to be enjoying the best of
health. The woman's name and the
cause of her death could not be learned,
but from all facts obtainable last
evening, it does not appear that she
was fraudulently dealt with.

John Gulling, of the firm of Per-
kins & Oliver, undertakers of this city,
went to Derby last night for the pur-
pose of getting the body. He will
bring it to this city in the morning,
and the announcement of the funeral
will be made later.

The Monte Carlo saloon belonged to
Jerry McCarthy, who died in Novem-
ber at the Smith ranch at Derby un-
der peculiar circumstances. Since his
death the saloon has been in the hands
of a receiver and was supposed to be
closed. How the woman happened to
be in the place is a mystery. Before
McCarthy died, the saloon was con-
sidered one of the worst places in Der-
by and a great many fights occurred
there.

MISS WAINWRIGHT
PLEASES AUDIENCE

The production of "Twelfth Night"
last evening at McKissick's opera
house was a finished effort. The story
is one of great interest and Miss
Marie Wainwright in the principal
role, pleased all present.

The cast was a well balanced one and
the audience followed the develop-
ment of the plot with hearty interest.
Many were the congratulations show-
ered upon Manager Piper for secur-
ing this excellent attraction.

Mr. Piper assures the theatre going
public that he has secured a number
of first class attractions with which to
end the season.

Bargains to be Had
One of the most successful sales in
the history of the State is that being
conducted by the Gray, Reid, Wright
Company. They have adopted the
right method in handling the stock of
the Novelty Dry Goods store. In-
stead of holding the goods on the
shelves awaiting a big profit, they are
selling the stock without delay. It is
at a big sacrifice, but it is resulting
in lively trade.

New Business Started
The Erskine Company has opened a
store at No. 14 East Second street and
will deal in all sorts of electrical sup-
plies. The president of the company
is F. L. Erskine, who was formerly
connected with the supply department
of the Reno Power Light & Water
Company. The company makes cut
rates on all sorts of electrical supplies.
Watch for the big display ad in The
Journal.

Change in Musical Program

berry, cornet; J. A. Collins, trombone
and Pete Flegest, bass viol. Harry
Ward, the pianist, will remain with
Mr. Dreyer to accompany the musi-
cians who will begin their engagement
tomorrow evening.
